Dear Mr. Scheel,

Thank you very much for sending your employees to St. Thomas to take care of our roof damage.

They did a great job, took care of the problem and cleaned up all the debris that was on the roof. Then they sat down with the Parish Manager and showed her, with their digital camera, what the problem was and the repairs they had made. Please extend my thanks to your employees for the good work they did.

I appreciate your quick response in assessing the roofing problem and making the necessary repairs.

My thanks again.

Sincerely,

Fr. Joseph A. Andrade
Pastor
